

MEDICAL TOURISM

Treat yourself to the best !

MEDICAL TOURISM

Medical Tourism is one of the growing dimension of healthcare globalization.

Nowadays, consumers decide to travel across borders to receive their medical treatments.

E.M. Consulting SA, a Swiss consulting and advisory firm specialized in the medical sector offers to its Clients this special opportunity, allowing them to travel to Switzerland and/or Italy to receive their medical and surgical treatments.

THE CLINICS

E.M. Consulting SA works in cooperation with the most exclusive private clinics of Switzerland and Italy, which represent the utmost in the offer of private healthcare treatments.

The treatment may span the full range of medical services, from cosmetic surgery, elective surgery and fertility and cell stem treatments.

THE SURGEONS

E.M. Consulting SA works in cooperation with experienced and competent surgeons operating in different medical branches from the plastic/cosmetic surgery to the cardio and neurologic surgery. Special stem cell treatments.

Particular care is offered to Plastic and Cosmetic surgery, a branch which attracts more and more patients from all over the world for treatment in Switzerland and Italy.

OUR RANGE OF SERVICES

Hereunder the range of our services:

Receive patient's medical file

Once the patient contacts our company, we'll ask him/her to send us the medical file.

We'll consult a physician for a pre-diagnosis based on the medical data contained in the file.

All personal data are treated with total confidentiality.

Choose appropriate specialist for patient's needs

The physician's analysis will lead to defining the right specialist and suitable clinic for the patient's treatment.

OUR RANGE OF SERVICES

Cost estimation

The selected hospital/clinic we choose will receive the medical file and establish an estimation of the cost and the treatment duration.

This information will be shared with the patient to choose a convenient time for his/her trip.

Visa assistance and flight tickets

Upon doctors' agenda and patient's availability, we'll organize patient's trip to Italy/Switzerland and arrange for him a visa and a flight ticket on the agreed dates.

OUR RANGE OF SERVICES

Coordinate medical appointments

Our company will take care of organizing the different medical appointments and the transfer of the patient between doctors to make the patient's trip the most cost and time effective. This will be done before the patient's arrival.

Welcome

The day of the patient's arrival, we will welcome him/her at the airport with the necessary medical arrangements for his/her transportation with the maximum care and drive him/her to the pre-arranged accommodation.

OUR RANGE OF SERVICES

Plan patient's stay

In some cases, the patient does not need to stay under long-term medical control but rather follow scheduled medical interventions. We help you with this planning.

Accommodation and transfer

Different accommodation options will be presented to the patient depending on his/her needs and preferences. The same applies on transfer.

OUR RANGE OF SERVICES

Interpretation Services

We arrange for specialized interpreter escort to accompany the patient during the period of treatment.

Follow-up patient's treatment

Our company will be following the patient's improvement and provide him/her with every needed service during the whole period of stay.

Excursions

In some cases the patient does not need to stay in the clinic all the time. Our company will organize excursions according to patient's health condition and needs.

OUR RANGE OF SERVICES

Other services

Our company will be also pleased to arrange other services such as escort services as well as special food catering.

Departure

At the end of the treatment, we will at your service to accompany the patient and family to the airport and assist with the airport and registration procedures until the safe departure.
